DETAILED ACTION

CLAIMS PRESENTED

Claims 1-56 are presented.

CLAIM REJECTIONS

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-56 are rejected under 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention. Evidence that claims fail(s) to correspond in scope with that which applicant(s) regard as the invention can be found in the reply filed. In that paper, applicant has stated that there is no burden for the examiner to search all claims, and this statement indicates that the invention is different from what is defined in the claim(s) because the examiner has clearly stated the differences between the two sets of claims.

Despite the good faith attempts by both the applicant and the examiner, the claims have not yet been clearly understood by the Office. Thus, the applicant is reminded that the applicant is permitted to contact the examiner. Any inquiry concerning this communication or earlier communications from the examiner can be directed to David Jung whose telephone number is (571) 272-3836.

Conclusion

The art made of record and not relied upon is considered pertinent to applicant's disclosure. The art disclosed general background.
